

Welcome to Sunshine Fencing, a leading manufacturer of wire mesh fence products.

We are an innovative company specializing in all kinds of wire mesh fence manufacturing. Our headquarters is located in Shijiazhuang City, China, with advanced equipment and professional team. Our factory covers an area of 50,000 square meters with modern equipment and state-of-the-art technology. We pride ourselves on producing high-quality wire meshes that meet the needs of various industries such as agriculture, construction, mining, and packaging.

Our product range includes a variety of sizes, shapes, and materials, including galvanized wire mesh, welded wire mesh, farm fence, and hexagonal wire mesh.

As a company with a long history, we are committed to providing our customers with high quality wire mesh products and solutions. From the initial production line to today's modern plant, we have accumulated a wealth of experience and knowledge to meet the needs of different industries.

In addition to providing quality products and services, we also focus on environmental protection and social responsibility. We actively adopt a sustainable approach to business and have passed ISO9001 quality management system certification.

Our team consists of a group of experienced technicians and sales staff with good communication skills and problem solving skills. We always put our customers at the center and provide personalized service and support to ensure maximum customer satisfaction.

In the future, we will constantly strive to improve our technical level and management efficiency to meet market demand and customer expectations. At the same time, we will continue to focus on environmental protection and social responsibility, and make positive contributions to society.

Our corporate vision is to become one of the world's leading wire mesh manufacturing companies, through continuous innovation and development, to create greater value for customers.
